RARE SHROCK 1959 STUDEBAKER E13 PICK UP TRUCK 1/43 SCALE MODEL

"Rare" seems to be an overused term here on eBay, however, this item meets the description. From page 98 of my 2012 book, "handbuilt white metal lovingly crafted by Shrock. No longer issuing models in 1:43rd scale this tiny artisan builder has an eye for detail when the vehicle is standing on its wheels. Flip it over and behold the careful attention to detail rendered just for the chassis. That's what makes this model special. This extraordinary replica will be carefully packed in its original box and sent to the winning bidder via expedited, insured, tracked shipping to the US and Europe at \$40. Payment by PayPal is what I accept. If you have a negative or no eBay rating please contact me before you bid. No bidders with a zero bid history or negative feedback. Please see my other auctions.
